## Department of Education

# "EDU-VOYAGE"

**NEWS LETTER**  
**(Nov, 2022-Jan, 2023)**

## **ORIENTATION DAY**

Lingaya's Lalita Devi Institute of Management & Sciences welcomed the new batch of students to the institute with a formal orientation day on 21/10/2022. The students were duly invited to the college so as to familiarise them with the structure and organisation of the institution. The main purpose of the orientation day was smooth transition into college campus where students could familiarise with their peers, teaching staff and non-teaching staff.

A special interaction was organised with the head of the department along with all the faculty members wherein students could freely interact about academics, co-curricular activities and attendance rules among other topics. The students participated wholeheartedly in the event.

## WORKSHOP ON “ONLINE ASSESSMENT TOOLS”

On 11th November 2022, Department of Education organized a workshop on “Online Assessment Tools” by Ms. Vimmi Verma to B.Ed 1st Year Students by making them aware about the tools used for the assessment. The students were given the overview about the Hot Potatoes suite which includes six applications, enabling us to create interactive multiple-choice, short-answer, jumbled-sentence, crossword, matching/ordering and gap-fill exercises for the World Wide Web. Hot potatoes are freeware, and we may use it for any purpose or project we like. Hot Potatoes is a robust set of classroom activity tools that teachers can use to construct quizzes, cloze or matching activities, and crossword puzzles. Hot Potatoes is an open source software program that can be downloaded. What makes Hot Potatoes a valuable tool in a technology toolkit is that the files created by the software are simple .htm, or webpage, files. Each program can produce a different type of quiz: JCloze- is used to make gap-fill or cloze exercises, JCross- is used to make crossword exercises, JMatch- is used to create matching exercises, JMix- is used to create matching exercises, JQuiz- is a tool for making question.

For the instructions, JQuiz was used as an example. JQuiz can feature multiple-choice questions and short-answer questions. Quizzes can also feature mixture of multiple choice and short-answer known as a hybrid question; questions can also be designed to allow students to select multiple answers. Any new technology takes time and should not be learned through reading alone. As with any skill, technology fits well with learn-by-doing approach.

We should remember Approach learning new technology with a playful attitude, save often, and if everything fails it is always okay to begin again.

### **Guest Lecture on Experiential Learning- Need of the hour; NEP 2020**

Department of Education organized a guest lecture on the topic, “Experiential Learning- Need of the hour; NEP 2020” on 29th November, 2022. The session was coordinated by Prof. Dr. Mala Sharma Dixit (HoD, Dept. Of Education) along with Ms. Rohini Jain (Asst. Prof.) and Ms. Bharti Kashyap (Asst. Prof.). It is worth mentioning that

.Prof. Dhananjay Joshi, Vice-Chancellor, Delhi teachers university highlighted the various aspects of Experiential learning in our day to day life. He also emphasised on the

. The students actively participated in the guest lecture and clarified their doubts towards the end of the session. Overall it was an informative lecture which benefitted the students.

## **Workshop on Mindfulness**

Department of Education conducted a workshop on 30th November, 2022 on 'Mindfulness in the Classroom' for B.Ed. semester I students in the college auditorium. In this workshop students were told about the power of meditation and how meditation helps in training of the mind.

Ms. Rohini jain and Ms. Bharti Kashyap enlightened the students about various types of thoughts created by mind. Students were told - how we can change our emotions through practice of meditation and yoga. After that all students and Teachers did meditation followed

by Suryanamaskar. Ms. Priya and Mr. Hasan lead students to perform some Yoga aasanas. The workshop ended with vote of thanks.

## **Role Play Activity: Understanding the self- Understanding working in groups**

A role play activity was conducted on Understanding the self- Understanding working in groups on 1st December, 2022 at 12:30pm in the auditorium of LLDIMS campus. It was coordinated by Ms. Bharti Kashyap, Asst. Prof. DOE.

All the students of B.Ed 1st year participated in the activity as it was a part of their practicum where they need to learn and understand- how to work in groups, how to be cooperative and take initiatives. Students learnt a lot from this activity. They made different groups having 7-8 students in each group, name their groups and also wrote scripts on their respective topics:

Women empowerment, Hierarchy, Gender biasness, Cultural Norms, etc.

Students were highly excited and were engaged throughout the activity. They used multiple props and dressed up themselves according to their characters.

Overall, it was an interesting activity and students thoroughly enjoyed their performances.

## **Debate on "NEW EDUCATION POLICY 2020: REGARDING LANGUAGES AND MULTILINGUALISM**

### **(Focus on Languages and Multilingualism)**

A debate competition on "New Education Policy 2020: Regarding Languages and Multilingualism" under the guidance of the language faculty was organized by the Department of Education, Lingaya's Lalita Devi Institute of Management and Sciences on 21st December, 2022 at 1:30pm in the seminar hall. It was coordinated by Dr. Manju Sharma and Ms. Bharti kashyap, Department of Education, LLDIMS. The main topic of the debate was "National Education Policy 2020 in relation to language and multilingualism". All the students of B.Ed 1st year participated in it. The program started with the inaugural address by Dr. Manju Sharma. She emphasized that multilingualism has been an underpinning principle of this policy. The power of language has been the foundation of this policy to strengthen and understand Indian cultures and values. Then the debate moved to another point that children learn language at a very early age which is the fundamental stage that is by the age

of 8 years, they have the inherent abilities to learn more and more languages. In support of this, it was mentioned that special reference will be given to home language, mother tongue and regional language as the medium of instruction up to class 5 and said that it will create long term impact in nation building. Two teams were formed in the debate: 1 in against and 1 in favour.

It was indeed an enriching session. Students were highly enthusiastic and actively participated in the debate competition. Questions were asked by the audiences as well. It was ended by a concluding speech by Ms. Bharti.

Department of Education welcomes you for

### **E-Workshop on CTET**

An E- Workshop on CTET was held in the campus by Ms. Pallavi Kapil who is a C.T.E.T Expert and TGT Science at Navodaya Vidyalaya ( NVS). It was coordinated by Ms. Ghazala Khatoon. All the students of B.ed, 2nd year i.e 3rd semester attended the workshop. Ms. Pallavi talked about each and every aspect related to CTET- submission of forms, subject selection and she also discussed the entire syllabus of CTET with the students. Subject selection for Paper-II always becomes a difficult task for students. The guest speaker very well understood the concern and helped students to deal with it effectively.

Overall, \ was a very informative and enriching session. Students asked queries related to their subject specifications which were thoroughly discussed by the expert.

### DAY-1

### WORKSHOP ON EMOTIONAL INTELLIGENCE

Department of Education organised the first day of workshop which started with our keynote speaker Professor, Dr. Sangeeta Chauhan (Former dean, USE, GGSIPU). The workshop started with Lamp lighting session by Dr. Sangeeta Chauhan. Inaugural speech was given by Dr. Jyoti Dahiya and the workshop ended with a vote of thanks by Ms. Rohini Jain.

Dr. Sangeeta Chauhan shared her thoughts on Emotional intelligence. She enhanced the students skills on socio -Emotional aspects of teaching & learning that can be developed, skills will help them to maximize their personal and professional success. The Developing Emotional Intelligence will provide students much knowledge to gain control over emotions,

navigate challenging situations, and communicate empathetically. Students asked multiple questions and the interaction between Dr. Sangeeta and the B.Ed students was engaging and informative as well.

## DAY-2

### WORKSHOP ON DIGITAL PEDAGOGY

On the Day -2 of workshop, the resource person was -Dr Amit Gautam (from National Institute of Educational Planning and Administration (NIEPA). Sir, reminded the students to design constructive learning activities and allow students in a classroom to use various advanced technologies now-a-days to create or construct something out of the lesson they are teaching or learning. The resource person explained that how integration of Information and Communication Technology (ICT) in education helps our students in developing higher order thinking skills like analyzing, evaluating and creating. Also, students learned about various advantages of using ICT in their classrooms while teaching. The session ended up with a vote of thanks by Ms. Ghazala.

### **DAY-3**

### **WORKSHOP ON COMMUNICATION SKILLS**

On day-3 of the workshop, Dr. Gurvinder Aluwalia (HoD, Dept. Of Education , Lingaya's Vidyapeeth) enriched our students with learning by expressing her thoughts on Skills of Communication. She explained all the various types of communication skills which teachers can use in their classroom so that their teaching becomes effective and learning takes place in the classroom. She discussed the important skills in communication - listening, speaking, reading, presentation and writing and teachers must be skilled at listening to their students as well as explaining things clearly. It was an enriching and interactive session where students asked queries which were resolved by the expert. And some creative games were also played on communication where it was discussed that communication is both receptive and expressive..

## THREE DAYS B.Ed EXHIBITION

### DAY-1

The department of Education organized an exhibition which continued for three days i.e from 11<sup>th</sup> January to 13<sup>th</sup> January, 2023. The purpose of organizing the exhibition was to develop creativity among students and to develop knowledge of procedure of designing the relevant and age appropriate multipurpose learning material to make the lesson comprehensive and meaningful. The programme was organized under the guidance and supervision of Dr. Jyoti Dahiya along with all the faculty members who are supervisors of different schools.

St. John's Public School, Mehrauli, New Delhi-110057	Sardar Patel Vidya Niketan, Mandi Rd, Near Lalita Devi Institute, Ambedkar Colony, Mandi, New Delhi 110047
Govt. Girls Sr. Sec. School, Mehrauli – Badarpur Rd, Sector-1, Pushp Vihar, New Delhi- 110017	G.L.T Saraswati Bal Mandir Sr. Sec. School, Nehru Nagar, Lajpat Nagar New Delhi- 110065

The school internship students from different schools i.e the Students of B.Ed semester-3 showcased their creativity & talent. Following schools participated in the exhibition on Day-1 on 11/01/2023:

The students effectively managed a grand exhibition, exhibiting through their teaching aids, related to different pedagogies, teaching of- English, Hindi, Mathematics, Social Sciences, Accountancy, Business Studies and Integrated Sciences which inspired the B.Ed semester-1 students also. Students showcased their teaching aids such as- models, flash cards, charts, puppets, working models, informative texts, etc.

## DAY-2

The event that has given the opportunity to the pupil teachers to display and demonstrate their teaching aids and teaching models was conducted on 12<sup>th</sup> January, 2023. On Day-2, different set of schools participated in the exhibition:

Sarvodaya Kanya Vidyalaya, Soami Nagar North, Soami Nagar, New Delhi 110017	SD Public School, Kirti Nagar, New Delhi 110015
Hamdard Public School, Sangam Vihar, New Delhi, 110080	Sarvodaya Kanya Vidyalaya, Mandi Road, Mandi Village, New Delhi- 110047

B.Ed student teachers exhibited their creativity by creating a variety of teaching aids for their teaching-learning in the classroom which included- 3D shaped patterned blocks and 3D effects on charts. They also made flash cards, reusing materials such as- cardboards, packaging material and so on. Overall, it was an interesting and enriching experience for the students as well as the teachers as they got valuable insights in making their teaching learning experiences more effective with the use of innovative teaching aids.

### DAY-3

An Exhibition on Indigenous Learning Materials was organized by Department of Education, LLDIMS.

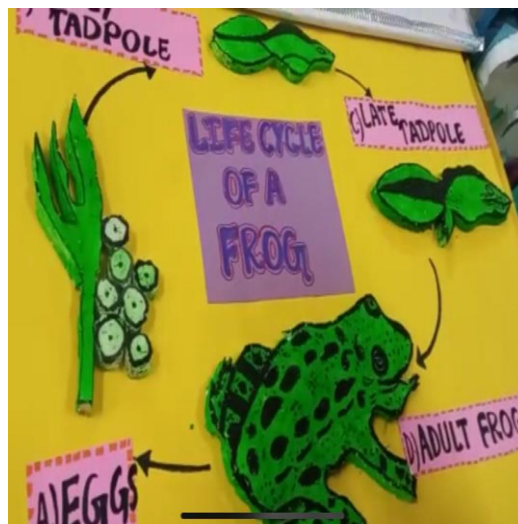

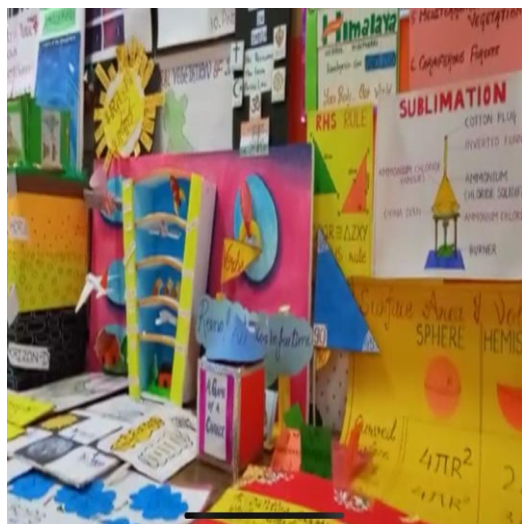

On Day-3, rest of the five schools participated in the exhibition on 13/01/2023:

Geeta Bal Bharti Senior Secondary School, Rajgarh Colony, Seelampur, Shahdara, New Delhi, Delhi 110031	Indira Ideal Sr. Sec. School, Janakpuri, New Delhi
Sarvodaya Kanya Vidyalaya Co. Ed., Padam Nagar, Shastri Nagar Delhi- 110007 and National Victor Public School, IP Ext., HasanpurPatparganj, Delhi- 110092	Sarvodaya Kanya Vidyalaya, Aya Nagar, New Delhi, Delhi 110047

For learning to take place in cognitive, affective and psychomotor domains, specific models were displayed in the methodologies of Mathematics, Hindi, Integrated Science, English, Business Studies, Accountancy and Social Science. Mathematics methodology team has displayed interesting and exciting models ranging from vedic mathematics to multiply three digit numbers on finger tips to linear equations. From Geo-board to proving sum of angles of triangles, visually appealing colorful solid shapes, Pascal's triangle, volume of prism by using building blocks, detachable solid shapes, Pythagoras theorem were displayed and

demonstrated. Science methodology students displayed models of human circulatory system and digestive system along with animal cell, clay models of amoeba, hydra.

Overall, the feedback for the three-day exhibition was positive, encouraging, supportive and rewarding. To put it in a nutshell, the display was wide spread, vibrant, colorful and informative and they were made out of inexpensive items which the teachers can make and use in their future teaching careers.
