# Highlights of the Department

The subsequent workshops, centered around "Publication Strategies in Academic Journals". Facilitated by Prof Anetta and Prof Andrej from the University School of Economics in Bratislava, Slovakia, these sessions aimed to guide young faculty and budding researchers in navigating the intricacies of academic publishing, offering valuable insights for those embarking on their research journey.

The students visits to Pragati maidan fare also know as the Indian International Trade Fair (IITF) is a grand event that offers a comprehensive experience for them. They learned about different cultures and tradition . Visitors to the fair have the opportunity to purchase unique and distinctive goods from around the world. This can be exciting shopping experience for students. Additionally the IITF is a platform to display entrepreneurial skills by MSMEs, non-government agencies, artisans, and self-help groups. This can provide students with insights into various industries and businesses.

# Congrats!

*on your  
achievement*

Hello, I am Deevanshi Sardana, currently pursuing my first year in the B.COM department. Badminton has been my passion for the past seven years, and I am dedicated to honing my skills in the sport. Recently, I had the opportunity to represent my college in the sports meet, where I not only showcased my abilities but also secured a spot in the North Zone tournament set to take place in Ambala.

With a proven track record of achievements in badminton, I am eager to bring my skills and enthusiasm to this upcoming event. The prospect of representing my college in the North Zone games fills me with excitement, and I am determined to demonstrate my dedication and abilities on the field. I look forward to the challenges and opportunities this tournament will bring, and I am committed to making a positive impact.
