Message from the Chairman

Lingaya's Lalita Devi Institute of Management & Sciences was established with the objective of using education effectively for economic growth for all. At Lingaya's, we provide intellectually stimulating academic environment to ensure creation, dissemination and application of knowledge to mould the future professionals. Lingaya's represents the essence of academic excellence where the best of faculty, students and educational infrastructural facilities coupled with innovative teaching, learning process is provided to create a unique environment conducive for progressive thoughts and actions.

Our aim is not simply to impart knowledge but to contribute towards a comprehensive and a "smart" economy at Macro level, and also to play a valuable part in the holistic development of a person at micro level. Part of this development relates to the fostering of "transferable" or "generic" skills in individuals such as communication skills, planning, leadership, multi-tasking etc. These skills are essential not just in learning or work situations, but in all areas of life.

To accomplish this we have designed smart and effective modules where students get flexible study hours, supervised professional practices, personalized training, group discussions and interactions.

We are confident that Lingaya's will help in developing our nation, thereby contributing towards improvement in the quality of life as a whole.

Thanks for choosing Lingaya's.

Dr. Picheswar Gadde

Message from the Secretary

Welcome to Lingaya's Lalita Devi Institute of Management and sciences, and thank you for showing your interest in us. On behalf of our entire staff, it is a pleasure to welcome you to LLDIMS. I hope you will take a moment to read through our mission and goals. We strive to provide services and programs that will aid in the professional development of our students to make them strong candidates for our local, state, national and international workforce as well as graduate and professional school programs around the world. Finally, it is our pleasure to provide services for employers that make it easy to find the best and the brightest students in the country for internships and full-time positions.

As the Secretary, it is a privilege for me to work with a staff of distinguished career professionals. Together we creatively address issues and look for innovative approaches to meeting the needs of our College.

In this fast growing era of Science and Technology, the pressure of performance and quality apply to all Colleges and the artful handling and showing excellence in all the endeavours makes LLDIMS one of the best colleges today.

We live in times of major shifts in the society where the existence of human values is threatened and their relevance questioned. The entire edifice of education lies completely on the building of values amongst the young learners. If we delink values, education loses its soul. That is how significant the nurturing of these values is. The children are at that impressionable age where what they observe and imbibe will eventually stay with them through the years to come and will definitely help in outlining their future as well.

Mrs. Sunita Gadde

Our society is inspired by the strength of such freedom fighters. Shri Lingaya Gadde, an agriculturist by profession, took part in the 1923 Civil Disobedience and Quit India Movement and went to jail several times.

He wrote several books on socio-communist issues. He was the editor of "Navyuga", communist party organizer and also the founder of "Adarsa Grandha Mandali", Elamaru, Andhra Pradesh.
