Highlights of the Department

B.Com (H) students attended the workshop on NCDEX-IPFT Investor Awareness Program on Commodity Derivatives Market, immersing themselves in the world of derivatives market. Renowned speakers discussed cutting-edge technologies like digital payments and blockchain. Students interacted with industry leaders, gaining insights into trends and challenges. This exposure expanded their understanding of exposure to hedging risk, market efficiency, underlying asset price determination and many more. It also allow the participants to allocate, manage or trade exposure without exchanging an underlying in the cash market.

UPCOMING EVENTS
