- TRAINING AT NCCE

NEW YEAR at Lingaya's

New Year Celebration

As we step into 2025 with renewed hope and aspirations, the department is delighted to organize a New Year Celebration. This event is a perfect mix of motivation, reflection, and recreation. It features an inspiring talk by a guest speaker to ignite positivity and encourage everyone to embrace new opportunities in their academic and personal lives. The celebration has also included fun games, musical performances, and light refreshments to ensure a lively atmosphere.

LOHRI CELEBRATION

Lohri is a festival of joy, togetherness, and gratitude, celebrated to mark the end of the winter solstice and welcome the harvest season. The department cordially invites all students, faculty members, and staff to join us in the vibrant festivities. The event included traditional Punjabi folk dances like Bhangra and Gidda, a bonfire, and delectable festive treats like rewari, groundnuts, and popcorn. This celebration is not only an opportunity to experience cultural heritage but also to foster a sense of community within the department.

FDP on Technological Skills for Educators in Association with Dell Technologies

The Department of Commerce, in association with Dell Technologies has conducted a 7-Day Faculty Development Program (FDP) on the theme "Technological Skills for Educators." This initiative is designed to equip educators with advanced technological tools to enhance teaching, research, and administrative efficiency. The program is tailored to provide hands-on experience and practical insights into cutting-edge technologies crucial for modern education. This FDP promises to be a transformative experience, bridging the gap between technology and education.

The poster features a purple and yellow color scheme. At the top left, there are three circular logos: Lingayas L D T M S, NAAC A+, and the university emblem. The Dell logo is prominently displayed in a white circle on the right. The text is arranged in a structured layout, starting with the department name, followed by the program title in large yellow letters, and then the theme. Dates, mode, and venue are listed on the right side. A 'Highlights' section on the left lists topics like Microsoft Excel, Power BI, and AI Tools. At the bottom, the faculty co-ordinator's name is given, and a yellow box contains the Power BI logo and a brief invitation.

Dr. Shikha Gupta

All Faculty and staff are invited to join and get benefited from the FDP

PARTICIPATION IN TRAINING PROGRAMME CONDUCTED BY NATIONAL CENTER FOR COOPERATIVE EDUCATION IN INDIA

The Department of Commerce and Management is proud to share that our B.Com 2nd-year students actively participated in a training program conducted by the **National Center for Cooperative Education (NCCE), India**. This program served as a platform to provide our students with a comprehensive understanding of the cooperative sector, its principles, and its role in economic development. The interactive and practical approach of the program helped students understand the unique challenges and opportunities in the cooperative sector. They also gained valuable knowledge about the cooperative model's contributions to rural development, self-reliance, and community building in India.
