NEWSLETTER

Welcome to the Department of Commerce March 2025 Newsletter. This edition highlights the activities, events, and achievements of our department this month. We are excited to share the upcoming events and celebrate the successes of our students and faculty.

FOOD FEST CELEBRATION

Food Fest at college was an event to remember, bringing together students, faculty, and staff for a celebration of delicious food, diverse cultures, and community spirit. Held in the college's central courtyard, the fest showcased an exciting array of food stalls, each representing a unique culinary tradition. The event wasn't just about food; it was also a platform for students to express their creativity. Many student-run stalls introduced innovative twists on traditional dishes, earning rave reviews. Overall, the Food Fest was a successful gathering, fostering a sense of unity and fun within the college community. It's safe to say that everyone left with full stomachs and happy hearts, eagerly awaiting next year's celebration!

World Cancer Day

Divanshu 2nd sem

sem

Every year on February 4th, the world comes together to observe World Cancer Day, a global initiative aimed at raising awareness about cancer and encouraging its prevention, detection, and treatment. This day serves as a reminder that cancer is not only a health issue but also a social and economic one that affects millions of lives worldwide.

The theme for World Cancer Day 2025, "Close the Care Gap," emphasizes the importance of reducing the disparities in cancer care. Around the world, access to essential cancer services is limited, with factors like geography, income, and education playing a significant role in this divide. By highlighting these gaps, World Cancer Day seeks to bring attention to the urgent need for equitable cancer care, ensuring that everyone, regardless of their background, has access to the treatment and support they need.

This day is not only a time to reflect on the advancements made in cancer research and treatment but also to recognize the progress that still needs to be made. It is an opportunity to show solidarity with those affected by cancer, from patients and their families to healthcare providers and researchers working tirelessly to find a cure.

Union Budget Day

Mamta koteri B.COM 4th

On February 1st every year, India eagerly awaits the Union Budget, a pivotal event that outlines the government's financial plan for the upcoming fiscal year. Presented by the Finance Minister, the Union Budget reflects the government's priorities, focusing on various sectors such as education, health, infrastructure, agriculture, and defense.

The Union Budget is crucial for the country's growth, as it directly influences policies, taxes, subsidies, and public investments. The announcements made on this day shape the economy, impacting businesses, industries, and the lives of every citizen. It also provides a roadmap for addressing economic challenges, boosting employment, and ensuring sustainable development.

For college students, the Union Budget is particularly significant, as it can affect education policies, scholarships, and job opportunities. It's a day to reflect on how the government's fiscal decisions align with the future aspirations of young people and the nation.

On Budget Day, media and analysts provide in-depth coverage and interpretations, offering insight into how the budget will shape India's future. Students and young professionals should stay informed about these developments, as they can provide valuable context for understanding economic policies and their implications.

MADHAVGARH FARMS TRIP

The Commerce Department recently organized an exciting and enriching trip to Madhavgarh Farm House for our students. This excursion provided a unique opportunity for students to unwind and connect with nature while engaging in various team-building activities. It was a perfect blend of relaxation and learning, fostering new friendships and strengthening bonds among peers. We are grateful for the wonderful experience and look forward to more such memorable outings in the future.

BUDGET PAR CHARCHA

The department of commerce & Finance club- Fintegrate at LLDIMS successfully hosted an insightful panel discussion on Union Budget 2025, featuring distinguished expert analyzing its impact on various sector.

WEBINAR ON FUNDAMENTAL RIGHTS OF IPR

Department of commerce has organized a webinar on the basics of fundamental rights of Intellectual property rights. The webinar aimed to provide insights into the fundamental of IPR, their significance in today's economy and their application in various industries. The session was designed to educate participants on the importance of protecting Intellectual assets and navigating the legal framework associated with IPR.
