## ARTIFICIAL INTELLIGENCE

**FOR SOCIAL GOOD:  
CROSS-DISCIPLINARY PATHWAYS**

**16-17 JANUARY 2026**

Lingaya's Lalita Devi Institute of  
Management & Sciences, New Delhi

**Lingaya's Lalita Devi Institute of Management & Sciences**  
Mandi Village, Near Chattarpur, New Delhi

# INTRODUCTION:

In an era of growing environmental crises, social inequalities, and rapidly increasing technological advancements, the need for sustainable development has never been more urgent. The International Conference on “Artificial Intelligence for Social Good: Cross-Disciplinary Pathways, Management, Engineering & Technology for Sustainable Development” serves as an important platform to bridge traditional knowledge with modern innovation. This multi-disciplinary platform unites indigenous knowledge holders, researchers, policy makers, scientists, engineers, and industry leaders to explore how indigenous knowledge systems (IKS) can complement cutting-edge advances in science, management, engineering, and technology to achieve the United Nations Sustainable Development Goals (SDGs). By promoting respectful collaboration, the conference aims to create equitable, resilient, & sustainable solutions to global challenges such as climate change, biodiversity loss, & social inequality.

# OBJECTIVES:

The conference is driven by a clear set of objectives designed to promote synergies between Indigenous & modern knowledge systems:

- 1. Integration of knowledge systems:** Facilitate the convergence of IKS with advances in science, management, engineering, & technology to develop holistic, sustainable solutions.
- 2. Alignment with the SDGs:** Ensure that discussions & outcomes contribute to global sustainability goals, particularly relating to climate action, clean energy, sustainable communities, and equitable education.
- 3. Amplification of Indigenous voices:** Provide a platform for Indigenous communities to share their knowledge, practices, & perspectives, ensuring that their contributions are respected & recognized.
- 4. Promoting collaborative research:** Encourage interdisciplinary & cross-cultural research to translate IKS into practical applications for sustainable development.
- 5. Ethical engagement:** Advocate for research and development practices that respect Indigenous intellectual property, cultural sovereignty, & community priorities.
- 6. Innovate for resilience:** Explore how Indigenous knowledge, combined with technologies such as artificial intelligence (AI), biotechnology, & renewable energy, can enhance resilience in areas such as climate adaptation, resource management, & health care.

# Call for Research Papers:

Well-researched papers from multiple disciplines are invited from academicians, research scholars, students, and professionals from different institutions for presentation at the Conference. A proceeding book of the Conference, including all abstracts (all presenters) with ISBN, papers presented during the Conference, and full papers as per choice to publish with ISBN, soft copy will be provided to all research presenters.

# PAPER-PUBLICATION:

Authors who will present their research papers at the Conference will be eligible to send their research paper (same as presented) for publication in the Lingaya's Lalita Devi journal of Professional Studies International Multi disciplinary Journals, peer-reviewed academic/ scholarly, open-access journals with DOI / J-Gate indexed and powered by sage.
