### REPORT ON EARTH DAY CELEBRATION

Department of education, LLDIMS Eco cell organizes Earth day activity on 22.04.2025 along with 2 semester students. Earth Day, celebrated on April 22nd, is a global event aimed at promoting environmental protection and sustainability. This report highlights the significance of Earth Day and compares the state of the planet in 2010 and 2025, focusing on key environmental indicators.

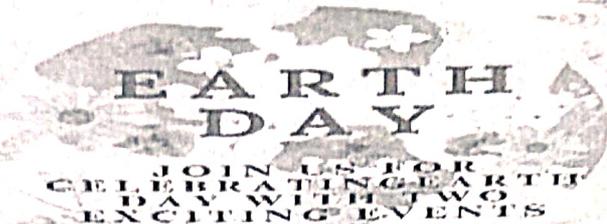

The comparison between 2010 and 2025 highlights the pressing need for sustainable practices and environmental stewardship. As we celebrate Earth Day, it's essential to acknowledge the progress made and the challenges that lie ahead. By working together, we can mitigate the effects of climate change, preserve biodiversity, and ensure a healthier planet for future generations.

## HERITAGE WALK

Department of Education organized a Heritage/ Nature Walk in Sunder Nursery, New Delhi on 10.05.25 for the B.Ed. semester- II students. The aim of the walk was to inform the students about the importance of heritage and nature in our lives and to provide them the platform to move closer to their culture, heritage and environment. Outdoor excursions like these only allow the students to get rejuvenated, but also learn to be in sync with the nature, and importance and their responsibility of preserving and conserving the heritage which belongs to them. The students showed an active participation and enjoyed the outdoor visit.

## Report on Ending Plastic Pollution

A Poster Making Competition was organized for B.Com and BBA students on the theme “**Ending Plastic Pollution**” as part of the institution’s ongoing commitment to environmental sustainability and student engagement.

The objective of the competition was to raise awareness about the harmful effects of plastic pollution and encourage creative expression of solutions through art. Over **20** students participated, showcasing their artistic skills and understanding of the theme.

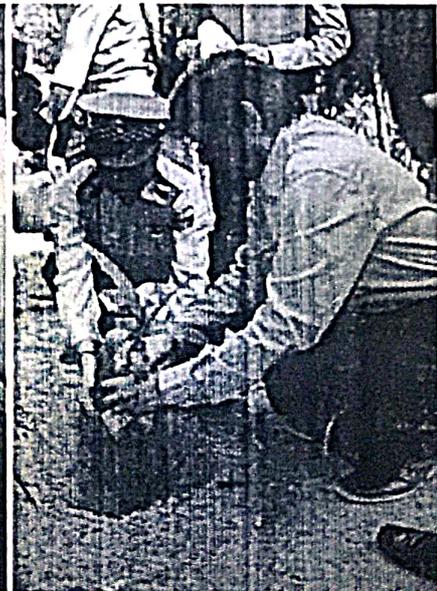

Participants used a variety of mediums including paints, sketches, and digital art to convey strong messages about reducing plastic use, recycling, and the importance of sustainable practices. The posters reflected innovative ideas such as banning single-use plastics, promoting alternatives like cloth bags, and community-driven waste management.

## PLEDGE ON "CRACKER FREE DIWALI"

Department of education, LLDIMS Eco cell organizes The Department of Education at LLDIMS organized a **Pledge on "Cracker-Free Diwali"** to promote environmental awareness and celebrate the festival of lights in an eco-friendly manner. The event aimed to sensitize students about the harmful effects of bursting crackers on the environment and human health. All faculty members and students enthusiastically participated in the pledge ceremony, vowing to celebrate Diwali with lights, sweets, and joy—without causing pollution or harm to living beings. The pledge highlighted the importance of taking responsibility for a cleaner and greener planet. The initiative successfully encouraged everyone to spread the message of sustainability and to make Diwali truly a festival of happiness, peace, and harmony.

## Report on Awareness on Air Pollution

Lingaya's Lalita Devi Institute of Management & Science (LLDIMS), through its ECO CELL, organized an Awareness Program on Air Pollution for BCA students during the academic session November 2025–2026. The program was conducted in the form of a Campaign and Nukkad Natak to spread awareness about air pollution and its harmful effects.

The main aim of this activity was to educate students and the public about the causes of air pollution and to encourage simple actions to reduce it. The program focused on important messages such as "Red Light ON, Gaadi OFF," "Same Place, One Car – Carpooling," "Drive Electric," and "Time to Breathe Clean Air." These slogans highlighted easy steps that can help in controlling air pollution. Students actively participated by performing a Nukkad Natak. Through short scenes and dialogues, they showed how air pollution affects human health, the environment, and daily life. The performance explained problems like breathing issues, global warming, and environmental damage in a clear and simple way. The street play attracted attention and helped in delivering the message effectively.

During the campaign, students also interacted with people and encouraged them to use public transport, avoid unnecessary vehicle use, and follow eco-friendly habits. The activity helped students understand their responsibility toward society and the environment.

The awareness program was very informative and received a positive response from everyone present. It helped students improve their communication and teamwork skills while learning the importance of protecting the environment. Overall, the Awareness on Air Pollution Campaign / Nukkad Natak was a successful activity that motivated students to take small steps toward a cleaner and healthier future.

## Report on Poster Making Competition on "Wetland Restoration"

LLDIMS organized a **Poster Making Competition on the theme "Wetland Restoration"** on **9 February 2026** for the students of the **BCA department**. The objective of the competition was to create awareness among students about the importance of wetlands and the need for their conservation and restoration.

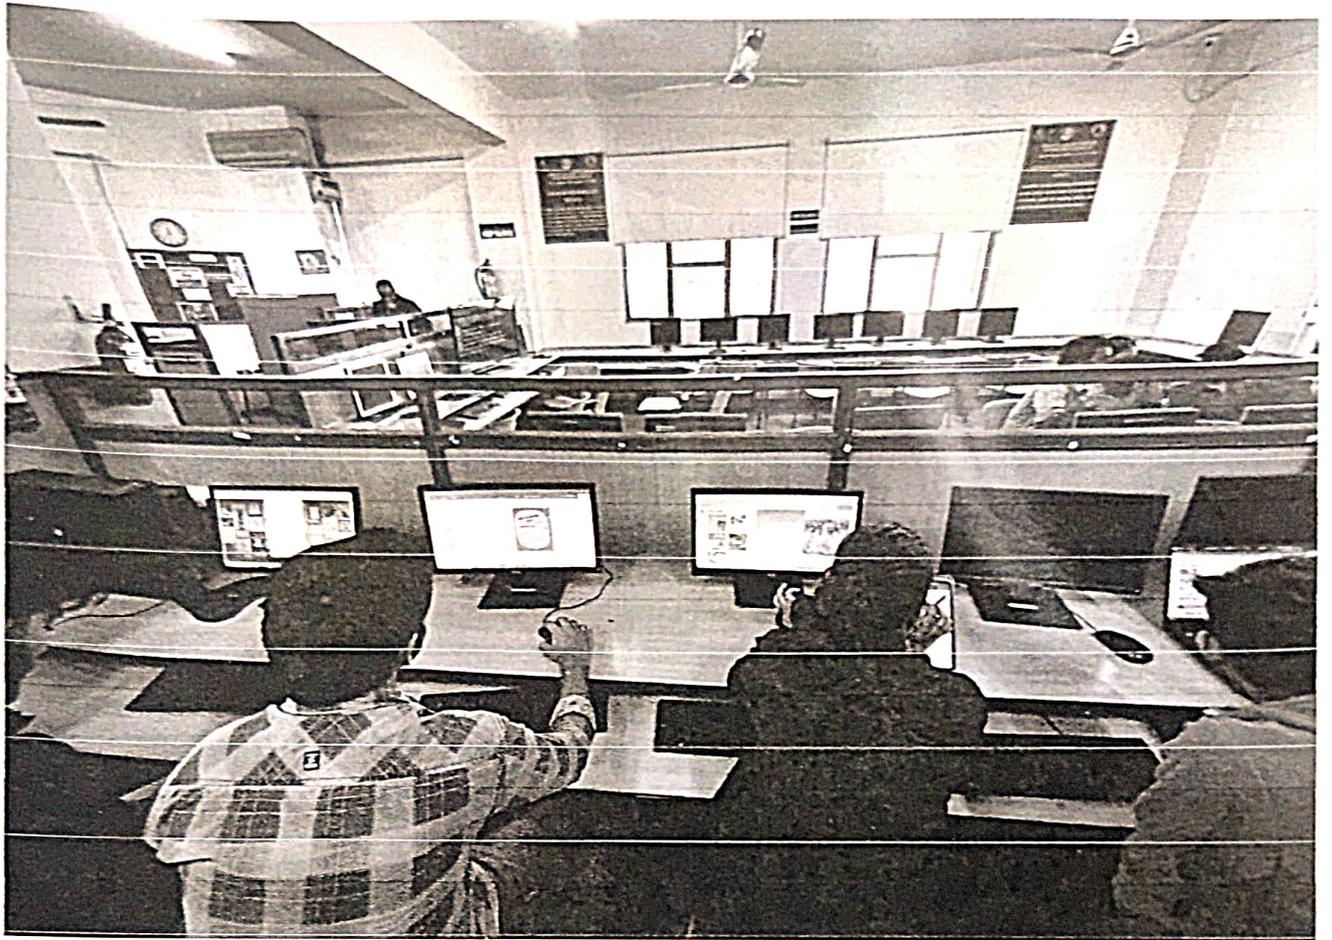

The event witnessed enthusiastic participation from BCA students who expressed their ideas and creativity through informative and visually appealing posters. The posters highlighted various aspects such as the role of wetlands in maintaining ecological balance, conserving biodiversity, controlling floods, and providing natural habitats for many species. Students also depicted the harmful effects of pollution and human activities on wetlands and suggested measures for their protection and restoration.

The competition was conducted in a creative and engaging environment where students used different colors, slogans, and illustrations to convey meaningful messages related to environmental conservation. Faculty members evaluated the posters based on creativity, relevance to the theme, presentation, and clarity of message.

The activity not only encouraged artistic expression but also helped students understand the environmental significance of wetlands and the responsibility of individuals in protecting natural resources. It also promoted awareness about sustainable environmental practices among the participants.

The event concluded with the announcement of winners and appreciation for all participants for their creativity and active involvement. Overall, the Poster Making Competition was a successful initiative that motivated students to think about environmental issues and contribute towards spreading awareness about wetland restoration.

### REPORT ON VOTER AWARENESS PROGRAM

LLDIMS organized a Voter Awareness Program on 10 March 2026 in the seminar hall to educate students about the importance of voting and their role in strengthening democracy.

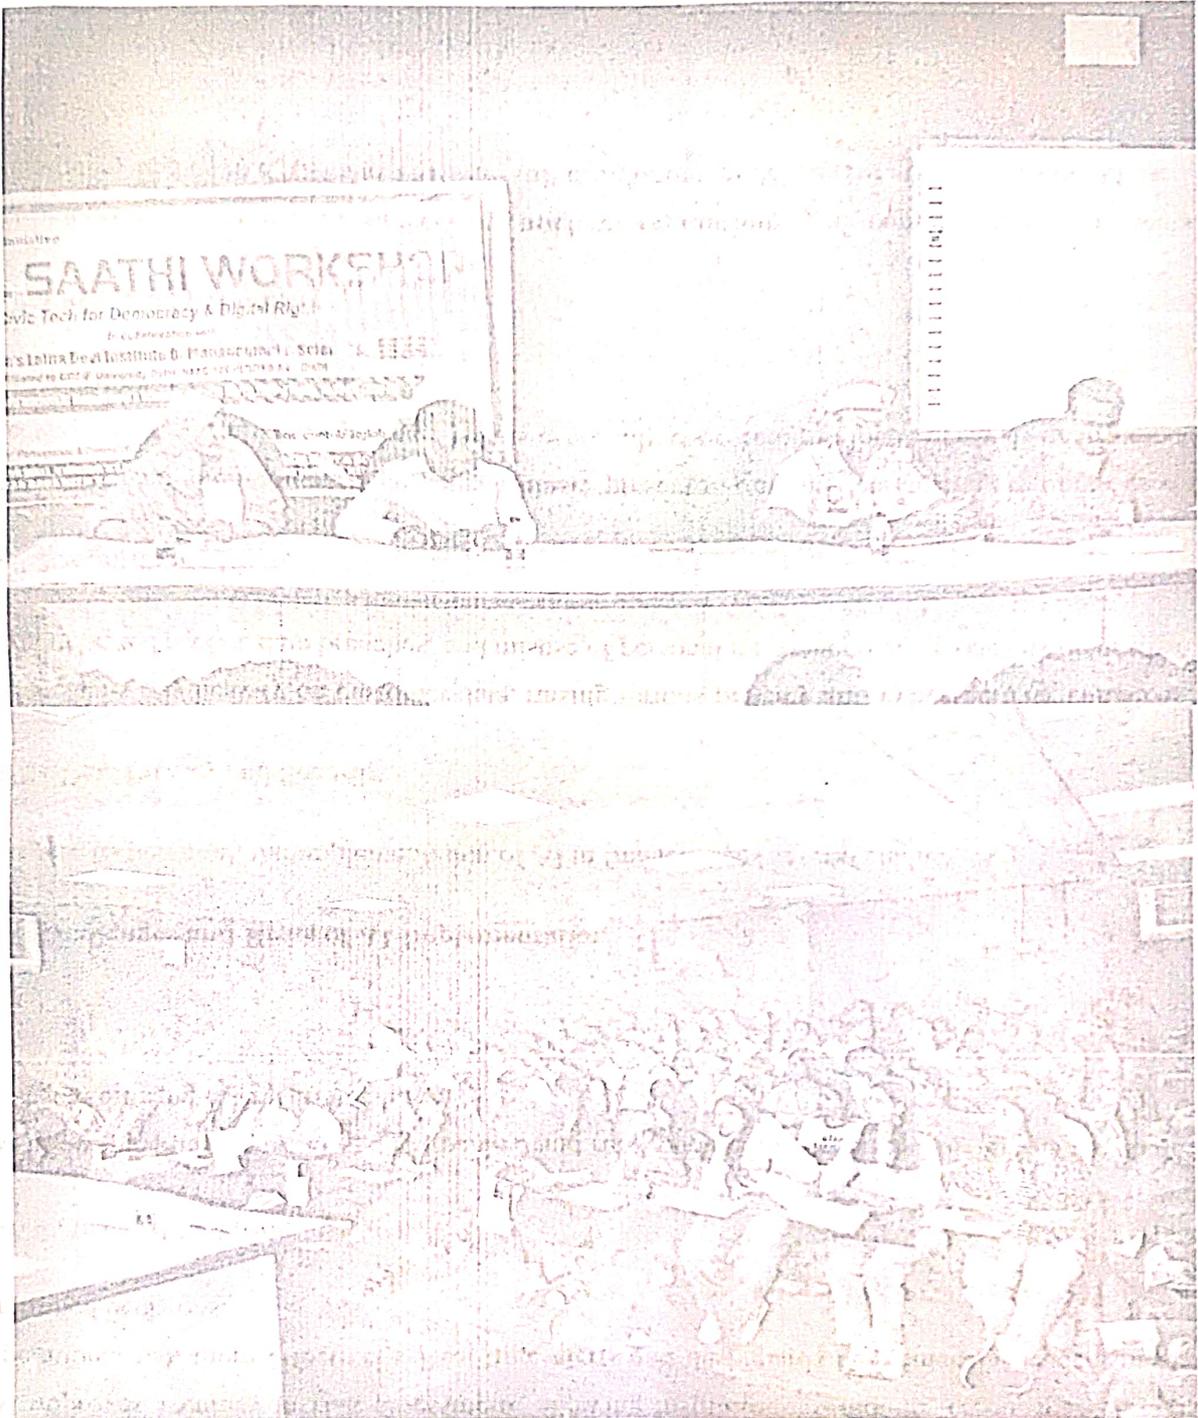

The program began with a short introduction highlighting the significance of voter participation in a democratic country. The resource person explained the voter registration process, eligibility criteria, and the importance of making informed voting decisions. Students were also made aware of their rights and responsibilities as citizens.

Interactive discussions were conducted where students asked questions related to elections and voting procedures. The session also emphasized the need for ethical voting and encouraged students to actively participate in the electoral process.

The program concluded with a message encouraging all students to register as voters and contribute towards building a responsible and active democratic society.

Overall, the event was informative and successfully created awareness among students regarding the value of their vote.
