Waste Segregation Awareness Campaign

Segregate Today, Sustain Tomorrow

“

Lingaya's Lalita Devi Institute of Management & Sciences (LLDIMS) proudly organized a **“Waste Segregation Awareness Campaign”** under the spirit of **Swachhata Hi Seva 2026**, reinforcing the institution's commitment towards cleanliness, environmental responsibility, and sustainable living.

The campaign aimed to create awareness among students and the campus community about the importance of segregating waste at its source. Through engaging awareness activities and informative interactions, participants were encouraged to understand the difference between wet, dry, recyclable, and non-recyclable waste and adopt responsible waste-disposal practices in their daily lives.

The initiative highlighted that effective waste management begins with a simple yet powerful habit segregating waste correctly. By encouraging students to make conscious choices and reduce unnecessary waste, the campaign sought to transform individual actions into a collective movement for a cleaner environment.

The campaign also reflected the values of Swachhata Hi Seva, inspiring young minds to actively contribute towards cleanliness and sustainability beyond the college campus. Students were encouraged to become ambassadors of responsible waste management and spread awareness among their families and communities.

Through such initiatives, LLDIMS continues to promote environmental consciousness and civic responsibility among its students, demonstrating that meaningful change can begin with small, everyday actions.

Segregate Today • Sustain Tomorrow 🌍♻️

Together, let us build a cleaner, greener and more sustainable tomorrow.

Glimpses of Ganesh Pooja at LLDIMS

“

Lingaya's Lalita Devi Institute of Management & Sciences (LLDIMS) celebrated the auspicious occasion of Ganesh Chaturthi with devotion, positivity, and spiritual fervour.

The celebration commenced with a traditional Ganesh Pooja, seeking the blessings of Lord Ganesha, the Vighnaharta – the remover of obstacles and the symbol of wisdom, prosperity, and new beginnings. The serene atmosphere of the campus was filled with prayers, devotion, and a sense of togetherness as faculty members and students came together to mark the sacred occasion.

The celebration beautifully reflected the institution's commitment to preserving Indian cultural values while fostering a spirit of unity and harmony among the LLDIMS community. Such occasions provide students with an opportunity to connect with India's rich traditions and celebrate them together as one community.

The festive spirit, heartfelt prayers, and joyful participation made the occasion a memorable one for everyone at LLDIMS.

Ganpati Bappa Morya!

May Lord Ganesha bless everyone with wisdom, happiness, prosperity, and success.

The Hybrid Professional: Bridging Business, Technology & AI

“

Lingaya's Lalita Devi Institute of Management & Sciences (LLDIMS) successfully hosted an insightful Guest Lecture on **"The Hybrid Professional: Bridging Business, Technology & AI,"** offering students valuable insights into the rapidly evolving professional landscape.

The session explored the growing convergence of business, technology, and Artificial Intelligence, highlighting the importance of developing a well-rounded skill set in today's dynamic workplace. Students gained an understanding of why modern professionals need more than just domain expertise—they must also possess technical awareness, business acumen, adaptability, problem-solving abilities, and future-ready skills.

Through engaging discussions and practical industry perspectives, the session helped students gain a broader understanding of the competencies required to navigate the changing world of work. The interaction also encouraged them to explore emerging career opportunities and recognise the growing demand for professionals who can effectively connect business objectives with technological innovation.

The lecture inspired students to look beyond traditional career paths and focus on building real-world skills, diverse perspectives, continuous learning habits, and an adaptable professional mindset. At LLDIMS, we remain committed to providing students with meaningful opportunities to interact with contemporary industry perspectives and prepare themselves for the future of work.

Learn Today. Adapt Tomorrow. Lead the Future.

GUEST LECTURE ON

The Hybrid Professional: Bridging Business, Tech, and AI

Date
22nd SEP 2026

Time
11.30 AM

Venue
Room No. 111

Real Skills
Broader Perspectives
A Future-Ready You

Mr. ANURAG KUMAR
Guest Speaker

Event Coordinator
Dr. Shikha Gupta

Proposed Activity for October 2026

01 Seminar & Guest Lecture

LLDIMS proposes to organize expert-led seminars and guest lectures featuring industry professionals and subject-matter experts to provide students with practical knowledge, industry insights, and exposure to emerging trends in business, technology, and AI. These sessions will enhance professional skills, encourage interactive learning, and prepare students for future career opportunities.

02 Industrial Visit

LLDIMS proposes to organize industrial visits to leading organizations to provide students with practical exposure to real-world business operations, workplace practices, and industry processes. These visits will help bridge the gap between classroom learning and practical experience while enhancing students' understanding of professional environments and career opportunities.

03 Student Clubs & Society Activities

LLDIMS proposes to organize engaging club and society activities to encourage student participation, creativity, leadership, teamwork, and peer learning. These activities will provide students with opportunities to explore their interests, develop practical skills, and showcase their talents beyond the classroom.

04 Social Responsibility Initiatives

LLDIMS proposes to conduct social awareness campaigns, community outreach programmes, cleanliness drives, sustainability initiatives, and volunteering activities. These initiatives will encourage students to develop a sense of civic responsibility, empathy, environmental consciousness, and active community participation.

Proposed Activity for October 2026

Mon	Tues	Wed	Thur	Fri	Sat	Sun
			01 How to Build Unicorn - Seminar	02	03	04
